

Kick off Labor Day Weekend on the Hayesville square Friday night. Hailing from just east of Charlotte, Deeper Shade of Blue has been together for more than 20 years and has self-produced six albums.

A quick search on YouTube will no doubt prove why this band has been a favorite on the circuit for years. With their tight-harmony singing and stellar instrumentation, they've been a band that festivals have added to their lineup consistently. They recently released the new record, *Twenty* on Pinecastle Records, a nod to their 20 years of playing music together on the road and a worthy follow up to their *Steam* album from 2018. Deeper Shade of Blue keeps one of the busiest tour schedules in the business, you won't want to miss them.

Beer, wine, and cider will be available to purchase from Laughing Waters. The Picka-Nic Basket Deli will have food available to purchase and the American Legion Auxiliary will be roasting their crowd-favorite hot dogs as a fundraiser for veterans. Food service begins at 6 p.m. and the concert at 7 p.m. This year Clay County Communities Revitalization Association is selling "Summer Concerts on the Square" T-shirts. Make sure you grab one of these unique shirts at the CCCRA table. Cash or card accepted.

CCCRA's Summer Concert Series is made possible through sponsorships from private individuals, businesses, organizations and from donations to the red buckets on concert nights.

The last concert of the 2022 Summer Concert Series is *The Bergamot* next Friday, Sept. 9. Don't forget that Historic Hayesville Inc. offers free rides on the red rider to or from your vehicle and the square. Everyone is encouraged to bring friends and family, a lawn chair or blanket and come out to the square for good music, food and dancing.

If we have to make the difficult decision to cancel and/or reschedule any of our Friday night concerts due to weather, an announcement will be made on both the CCCRA website and the CCCRA Facebook page. You are also welcome to email: claycountycommrevitalization@gmail.com.
